

You're Invited to Help Us Shape the Future of Our School District

We want to hear from you about what your vision and values are for Sac City Unified so we can better represent the needs of our community.

Over the next few weeks, the Board of Education will engage in a listening campaign to hear directly from families. We'll use that feedback to create our 5-year priorities for our district's next strategic plan. Please attend any of the listening sessions scheduled across all seven Trustee areas of the school district. This will be an opportunity for you to share directly with school board members your priorities for the district as a whole.
