**Recommendation:** Receive Information Related to a Potential November 2024 Bond Measure

**Background/Rationale:** On June 8, 2023, staff provided the Board with preliminary information regarding a potential bond measure on the 2024 general election ballot. It was shared that the upcoming November 2024 election is an opportunity for the district to seek voter approval for additional funding to improve, rehabilitate, and repair aging schools, classrooms, and facilities. Dale Scott, the district's financial advisor, surveyed registered voters of the District for community feedback on a new bond measure. The surveys were conducted between October 6, 2023, and October 8, 2023. On February 1, 2024, the Board received a presentation sharing the results of the survey. As part of the related discussion, staff were asked to provide more information for the Board to give direction on how to proceed. This presentation will provide an update of the information requested.
