Recommendation: Board to receive a proposed list of potential projects for a future ballot measure.

Background/Rationale: Using the 2021 Facilities Master Plan, Routine Restricted Maintenance Account anticipated system end-of-life list, and state mandated facility requirements, staff have created a list of potential projects for board review to place on a proposed General Obligation Bond ballot measure. Staff propose listing select specific projects that would be funded with a passed bond measure to provide transparency to voters for future bond expenses.
