

Sacramento City Unified School District
2024 Thomas M. Eustis Memorial Scholarship
(A \$1000 Scholarship for math and science for one year)
Application Period: January 16, 2024 – April 12, 2024

GENERAL INFORMATION:

Thomas M. Eustis joined the C. K. McClatchy High School faculty in 1998 and taught math and fire science until 2006. He loved science and math and graduated from the University of California, Berkeley with an undergraduate degree in Forestry, and from Oregon State University with a graduate degree in Forestry. While at C.K. McClatchy High School, he served as the Fire Science Academy Coordinator under a California Department of Education grant and partnership with the Sacramento City Fire Department. Tom's unique qualifications and work ethic helped him lead the Fire Science program for five years. Tom provided a creative, hands-on curriculum and teaching style with students, which were both effective and fun.

Tom loved trees, the forests, and everything connected with the outdoors and with nature. He held a deep regard for the beauty of the forests and a healthy respect for the balance of the ecosystem. The Thomas M. Eustis Memorial Scholarship Fund (for math and science) was established by his wife as an ongoing tribute to Tom, who passed away unexpectedly in July 2006 at age 48. The mission of this memorial scholarship is to recognize the achievements of students whose goals include higher education in a science or math field.

WHO IS ELIGIBLE:

Scholarships are available for SCUSD students who attend a district or dependent charter school. The Thomas M. Eustis Memorial Scholarship is open to students who plan to attend a *California* college or university campus with a *science or math focus*. Special consideration will be given to applicants who will be graduating from C. K. McClatchy High School.

Applicants should exhibit:

- Above average scholarship record – B+ academic GPA required
- Advanced math and science coursework
