# State Seal of Civic Engagement Agenda

- **Overview**
- **Student Ambassadors**
- **Student Projects & Impact**
- **Recognition: 2024 SSCE Recipients**

## SCUSD CORE VALUE

We recognize that our system is inequitable by design and we vigilantly work to confront and interrupt inequities that exist to level the playing field and provide opportunities for everyone to learn, grow and reach their greatness.

## SCUSD GUIDING PRINCIPLE

All students are given an equal opportunity to graduate with the greatest number of postsecondary choices from the widest array of options.

# The State Seal of Civic Engagement addresses our core equity values in a deep and meaningful way...

- We recognize that “marginalized communities inadvertently co-conspire with the systems of power to continue marginalizing themselves,” by not engaging with the systems of governance and not participating in decision-making that affects them
- Through our efforts with the State Seal of Civic Engagement, we aim to recognize and support SCUSD students to apply their learning to participate in decision-making that affects them, by:
  - actively learning and researching about issues/problems in their communities,
  - working with others to understand multiple perspectives to develop feasible, robust ideas/solutions
  - engaging with decision-makers around this issue of interest

***... and to become our long-term partners to disrupt systemic inequality.***

# The State Seal of Civic Engagement is to recognize...

- Excellence in student civic engagement and civic learning
- seniors and juniors for their contributions to their community, where students
  - found a cause or issue they care deeply about,
  - took the time to further investigate the issue,
  - gathered multiple perspectives,
  - built awareness of the problems/issues, and
  - took informed action by engaging with decision-makers to advocate for their ideas.
